Hain, Leland issues draw more response

According to Peg Zurek, Antioch Grade School teacher, the parents and teachers that have filed objections to the "professional conduct" of Petty Grade School Principal Paul Hain, have had no public reaction to the grade school board's unanimous upholding of Sharon Leland's dismissal and the board's refusal to comment on their other complaints against Hain.

"I do know that many of us will be at the next school board meeting on Jan. 18," Zurek said.

In a letter to the Antioch News, Hain said, "I have always operated with an open-door policy of being ready and willing to meet and discuss issues with teachers and parents. Those who have availed themselves of this opportunity have always been treated with fairness and honesty by me."

Hain also claims to "execute my professional responsibilities in accordance with the highest standards adopted by the school district."

He added that all visitors are welcome to Petty Grade School which is operated by the same rules as other schools.

In answer to Zurek's charge that he had intimidated teachers, ordering them not to discuss school business, Hain said, "There is

no substance to this allegation," explaining that there is a memo board for the staff to write concerns on and regularly scheduled meetings for teachers to discuss their concerns.

Further in the letter, Hain admitted that he had been absent from the school on personal business at times, but added that he had always allowed teachers to do the same and covered for them in their classes when necessary.

Hain added that he does not take lunch breaks and works hours past the standard work week in compensation.

On the subject of employee evaluations, possibly referring to the dismissal of longtime school secretary Leland, Hain said that his silence on this subject is required by law, adding that if he were allowed to give answers it may clear up any doubts on the situation but it might also subject an employee to "unnecessary criticisms."

In conclusion, Hain stands on the record of his past and present performances and invites the school board to review and examine it with the allegations in mind made at the last school board meeting by Zurek, who represented many teachers and parents.

Approve lease

On Jan. 3, with a vote of 6 to 0, the trustees for the Village of Antioch voted to approve the lease of the Old School from the school district.

The Old School, located on the northeast corner of Main and Depot Sts., will then be leased to the Lakes Region Historical Society for use as a museum.

Before the vote was taken, Antioch Trustee Bill Seemann recommended the village board consider the possibility of helping the society with fund raising through the use of revenue sharing funds in the future.

Mayor Ray Toft agreed and suggested the society put in a formal request.

Now that the details of the lease have been worked out, the Lakes Region Historical Society can begin getting bids on the restoration of the building.

The first concern is a new roof to protect the building from further damage. The funds are limited and the total cost to restore the building will be high. Therefore, after the new roof is on, plans are to restore one room at a time as funds permit.

Anyone interested in joining the Lakes Region Historical Society or who would like more information can write to: Lakes Region Historical Society, P.O. Box 240, Antioch, Ill. 60002.

Letkey to be arraigned

Robert Dennis Letkey, 28, Antioch, who was apprehended by the Antioch Police Dept. inside of the Olde Attic on Lake St. and charged with burglary, has been bound over for arraignment on those charges.

Though no date has yet been set, the arraignment is scheduled to be in Lake County Court Room 303 before Judge Harry Strouse.

Letkey, who has served time in prison for burglary, was caught by the police on Friday, Dec. 10, after the gift shop had been broken into four times within a month.

He told police at the time that he was drunk and had fallen into the shop through a window six feet off of the ground.

Petersen annexation progresses

The Antioch Planning Commission and the Antioch Zoning Board is scheduled to consider the annexation petition of Alred and Florence Petersen after the village board received and accepted their petition for the annexation of two acres at the northeast corner of Main St. and North Ave.

After being presented to the planning and zoning boards, a public hearing will be held on this petition at 7:30 p.m., on Feb. 7, at the village hall.

Charges pending in hit and run deaths

by GLORIA DAVIS

According to Lake County Assistant State's Atty. Peter Trobe, the two hit and run drivers that were responsible for the deaths of Eric Ritchie, 14, Salem, and William Kraft, 17, Lindenhurst, are both scheduled for arraignment hearings.

Edward Wnek, Round Lake Beach, will be charged with leaving the scene of an accident in connection with the death of Ritchie on Grass Lake Rd., on Oct. 23. He will be arraigned in front of Lake County Judge Thomas Lang on Thursday, Jan. 27.

Wnek's first arraignment hearing was postponed and he failed to appear at the second one.

"If he fails to appear this time a warrant for his arrest will be issued," said Trobe.

Witnesses with Ritchie claimed that Wnek's car left the road when it hit him and sped away. He turned himself into the authorities two days later.

Floyd Meeker, 29, who was residing in a motel outside of Antioch, will also be charged with leaving the scene of an accident in connection with the death of Kraft. The accident also occurred on Oct. 23, Grass Lake Rd., four hours after the Ritchie incident.

His arraignment on the same Class A misdemeanor charges will also be in front of Judge. Lange on Thursday, Jan. 13. Meeker also turned himself in to the police after the accident.

According to Trobe, the maximum penalty the drivers can receive is one year in prison and a \$1,000 fine.

Barnes allegedly drove his automobile head-on into the car driven by Carney on Nov. 18. He claimed to remember nothing after he went for a drink with friends several hours earlier.

Assistant-Lake-County-State's Atty. Matt Chancey is the prosecuting attorney on the case.

Dist. 34 may operate own special ed vans

Antioch Grade School Dist. 34 will be advertising for bids on vans, in consideration of the possibility of the school district handling the transportation of the special ed students within the district itself.

In a report by Skidmore to the board, he estimated the annual savings by the district operating its own bus system to be \$17,000 to the State of Illinois with \$6,000 to be accrued by the district.

Skidmore described the board's reaction to the proposal as "very favorable."

Ritzenthaler Bus Lines is providing the service this school year at an estimated cost of \$67,000, approximately \$22,000 more than the district budget for the program had allotted.

Skidmore explained the reasons for the difference being twofold.

Number one is that there has been a 10 percent increase in the daily fee charged by Ritzenthaler.

zenthaller.

The other reason is that there are eight additional students in the program this year, with almost all of them being new to the district, also.

Under Skidmore's proposal, the district would purchase three new vans, one used one for a back-up and allot some mechanical time at the district garage for maintenance of the vehicles.

Advantages for the district to operate its own system, according to Skidmore, include "a significant savings for taxpayers at the local and state level."

"Control of our own transportation," Skidmore's report continued. "A small bus which could be available for extra-curricular activities."

"Increased mechanical services to maintain a fleet," he said of the district's vehicles it already has.

Being careful to present all sides on the issue, Skidmore also listed three disadvantages of the district having its own special education transportation.

These were the responsibility for a facet of transportation which the district was not previously responsible for, a special type of bus which the district has no similar back-up vehicle for and the initial cash layout required to purchase the buses.

"All things considered," Skidmore concluded, "I believe it would be advantageous for the board to purchase three buses to provide our own special education transportation."

In other board action, following a report on the heating and electrical costs for buildings within the district, a architect has been hired to review the Antioch Upper Grade School.

In the report, the Upper Grade School had a cost per square foot per of \$1.40 compared to the highest among the other three buildings being 96 cents (Oakland Grade School).

The architect is to review the building and see what methods could be used to help cut down the utility costs for the building.

The board reelected its same officers from the previous term.

Board president will be Garnet Cook with secretary being Jimmie Quedenfeld.

The board received some good news that it will be able to maintain its same insurance companies as last year.

Dewey King, the district's insurance consultant, reported that following a bidding of

the insurances, the same companies came in as low bidders.

Due to what Skidmore termed a "rate war," the district's actual insurance costs dropped considerably.

The board reacted favorably to a proposed board policy dealing with temporary employees of having a matter presented at one meeting and requiring it not be acted upon for 30 days, or until the next regular board meeting.

"We really had no policy before," Skidmore said. "It was overlooked."

The board adopted a policy of restricting the number of Sunday athletic activities to three during the school year.

An additional requirement was that the event not involve an entire team, but just two or three individuals who would be selected by the coach to participate in a special tournament.

In personnel matters, Jim Stack, a janitor at the Upper Grade School, was granted a unpaid medical leave of absence.

Stacey Bernhardt was hired as a speech therapist as of Jan. 3 to replace Debby Brinker who is moving to Texas.

Mitzi Toppe, a long time English teacher at the Upper Grade School for approximately 16 years, resigned effective Jan. 15 as she is moving to Florida.

Toppe's position is expected to be filled with a regular substitute for the remainder of the school year.

Sharon Leland, a district secretary, was terminated from her position as of Dec. 1.

The bowl will be held for the fourth consecutive year and is scheduled for Feb. 13, at the Antioch Bowl.

Many area businesses have already donated prizes for this worthy cause.

Although it's not Halloween, the members of St. Peter's Parish are playing Dracula as they have set out after your blood again.

The 11th annual blood drive will be held from 9 a.m. to 3 p.m., on Saturday, Jan. 29, at the gym.

Over 350 donors have already signed-up. So let's have compassion for humanity! Get down there, we all have more blood than we need, yet probably not as much as is needed.

One of old Annie Mae's resolutions is to try and keep her cool with those monopolies of all monopolies, the utility companies.

With the warm weather already running into January, my heat bill is still more than it used to be during many days of below zero weather.

And my electric bill already makes me feel like I've just about lit-up everybody's life as well as my own.

To the telephone company, congrats on becoming one of the most successful merchandisers by turning the telephone into a decorator's furnishing and putting it in the same price category.

Women of Moose honor Gutowski

December was a very busy month for the Antioch Chapter of the Women of the Moose. Two new co-workers were enrolled at the chapter meeting. They were Donna Vest, sponsored by Bobbie Knackstadt, and Nora Stahmer, sponsored by Bea Phillips.

The Christmas party was a success with 40 co-workers enjoying a delicious potluck supper and gift exchange. Games were played and a visit from Santa Claus rounded out the evening.

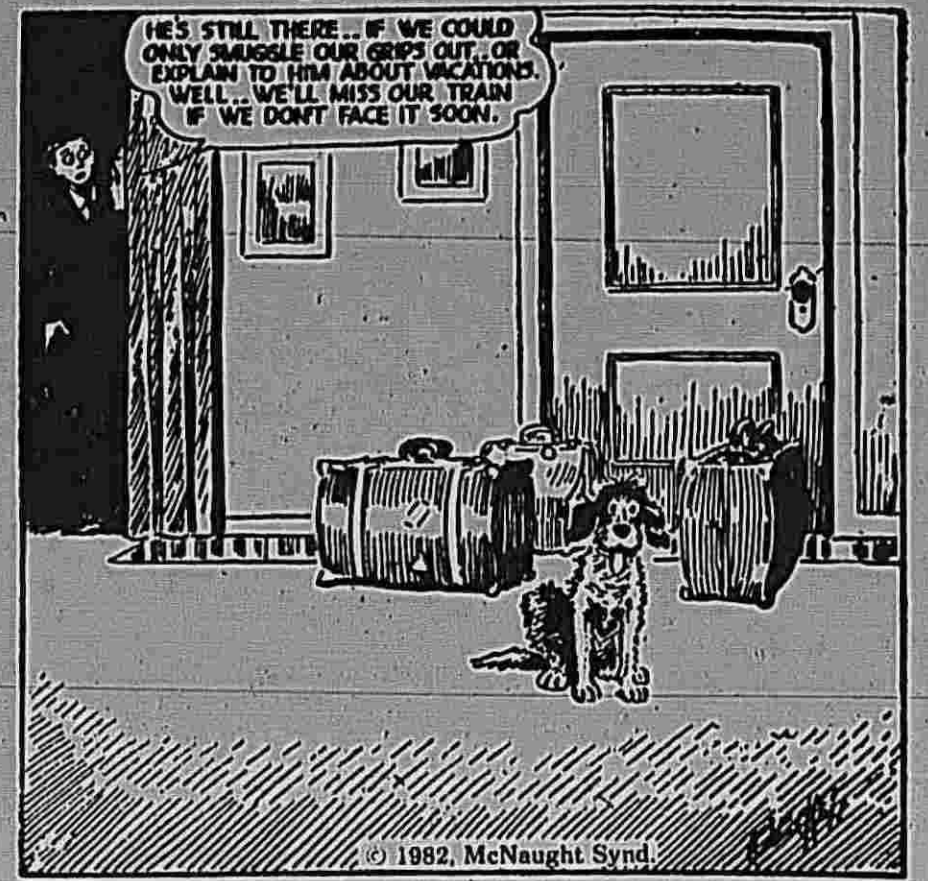

Co-worker of the month for January is Home Chapter member, Anita Carter. Anita serves as a pro-tem at every meeting on our ritual

staff and helps the Loyal Order of Moose as a waitress on a fish fry crew.

At the end of December, the 1983 Paul P. Schmidt Honorary Co-Worker nominee was sent to Mooseheart. This year's nominee for the honorary diploma to be presented at Mooseheart in June is Past Regent Louise Gutowski. Louise is among hundreds of nominees from all over the country in competition for the honored award.

The friendship committee is planning a Sweetheart Dance on Feb. 12 with dancing to the music of John Vest. Mark your calendar and plan a fun time at your friendly Moose Lodge.

The National Girl Scouts Organization presented the first lady, Mrs. Herbert Hoover, with a box of bayberry candles for Christmas.

THIRTY YEARS AGO: Jan. 8, 1953

Sub-zero weather made its first winter appearance in Antioch.

The '53 Chevy Bel Aire was the hottest car on Antioch's streets with yellow and red ones leading the pack.

Two bedroom lakefront homes were selling for \$14,000 complete with basement and garage.

TEN YEARS AGO: Jan. 10, 1972

Village Board Member Marge Nelson hit the headlines as the village threatened to sue her for her unpaid sewer bill.

Walt Sheppard was installed as president of the Lions Club.

Varsity loses to Warren, Sophs lead conference

Although the Antioch sophs came through by beating the Warren Blue

Devils, 46-43, taking over the Northwest Suburban Conference (NWSC) lead, in a

double overtime, the Sequoit varsity team turned over the NWSC lead to Warren in a 58-

42 trouncing, at Warren, on Friday, Jan. 7.

And turn-overs plus many missed opportunities, was the way it was for the entire game.

After Warren took the first quarter lead, 22-9, a technical foul was called on Antioch Coach Don Zeman

for excessively objecting to the referees' first quarter calls.

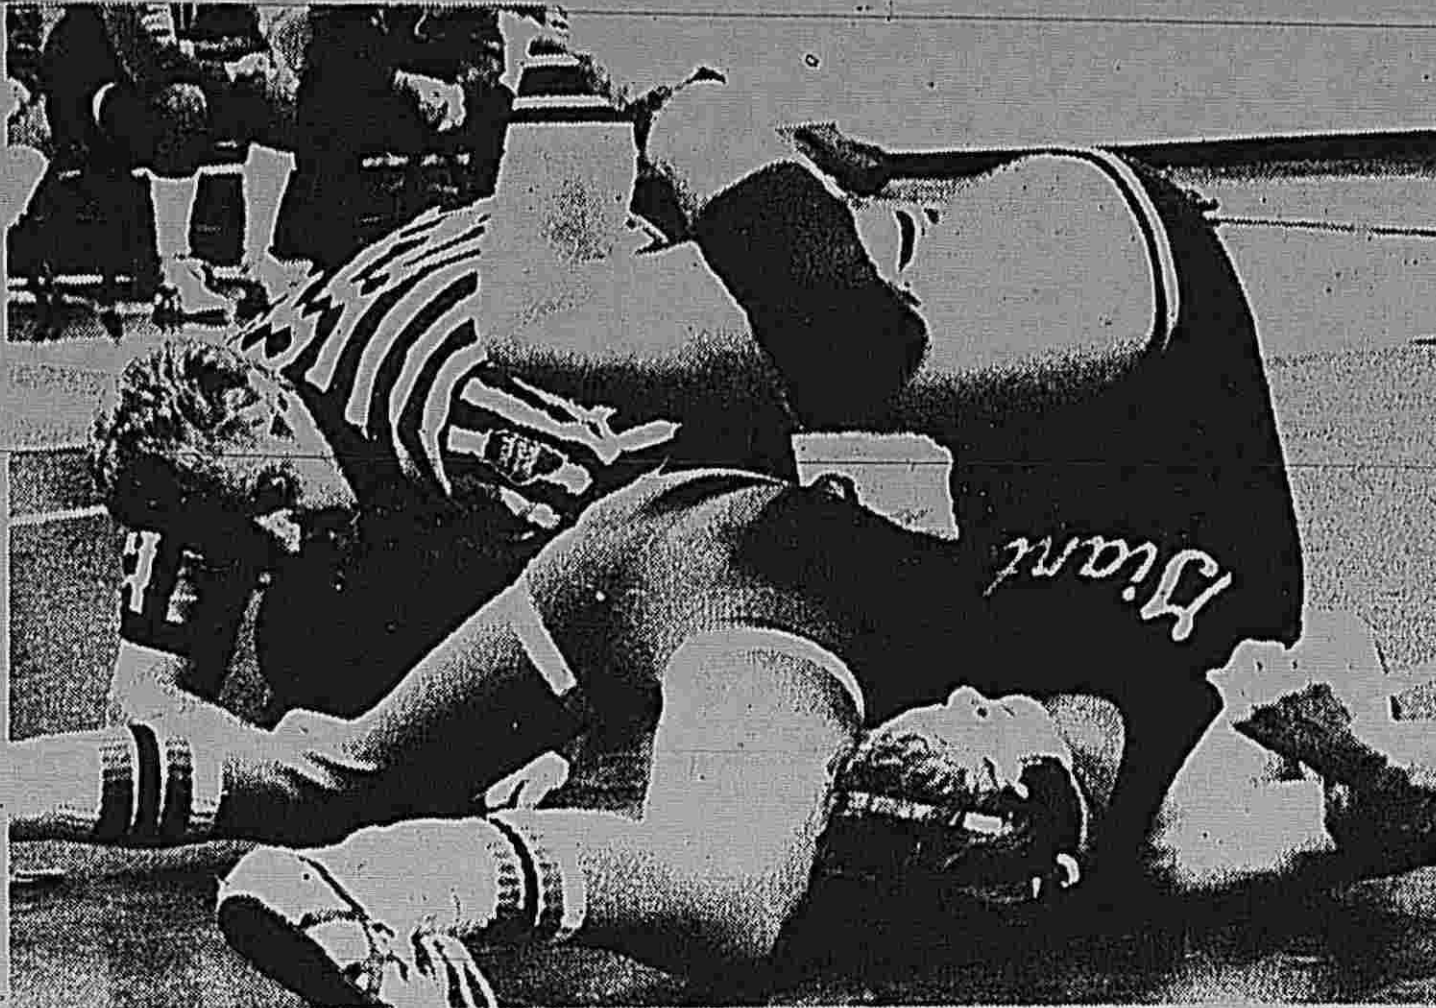

Warren immediately gained more of an advantage by making both free throws and a basket, so the Sequoits were down 26-9 as they entered the second period.

The Sequoits trailed the Blue Devils the rest of game, coming closest when they closed the gap to 11 points early in the fourth quarter.

Chris Becker was Antioch's high scorer with 11 points.

The Sequoits will face the Wauconda Bulldogs, at

Wauconda, on Friday, Jan. 14.

BRUXISM

QUESTION: My husband gnashes his teeth in his sleep. What makes him do this?

ANSWER: Tooth gnashing-called bruxism-is usually caused by a combination of personal factors. It may be a release mechanism for tension, anxiety or depression. Or it can indicate a mouth bite that's off-balance, a tooth out of line, or some other dental defect that's difficult to detect.

Teeth-grinding can become habitual and dangerous to oral structures, it can wear down teeth, destroy underlying bone, and loosen teeth. In addition, muscles associated with chewing may go into spasm and create pain in the jaw, temples, neck and surrounding areas-even headaches.

Once you're able to determine the cause and remove it, bruxism will most probably stop. Your dentist can provide a therapeutic mouth guard or bite plate to help the problem and prevent further damage.
